## work experience

---

### United Nations Human Settlements Programme • UN-Habitat • New York, NY

January 2020 - Present

#### Programme Support Intern

- Research and analysis:
  - Conducted research on the pandemic's impacts on local governance, public services, urban economy and the environment, and poverty and space inequality in preparation for the UN's SG Policy Brief on COVID-19, In an Urban World, and UN-Habitat's State of the World Cities Report. Developed a geospatial analysis of the pandemic in megacities.
  - Assisted in developing an analysis of the VNRs and VLRs presented at the HLPF, highlighting SDG11 and strategies related to urbanization, urban infrastructure, sustainable communities and cities, decentralization and empowerment of local/regional governments.
  - Revised the draft report for the Illustrated New Urban Agenda.
- Content creation: production of data visualization for various publications, including the Illustrated New Urban Agenda and UN-Habitat's State of the World Cities Report.
- Reporting: to UN-Habitat's Headquarters on relevant events including, CSocD58, WUF10, ECOSOC OAS and HAS, HLPF.
- Event planning: drafting concept notes, reaching out to sponsors, partners and speakers, and preparing graphic material for outreach. Contributed to event preparations for NYC Circular City Week, Urban October and World Habitat Day.
- Public outreach: lead the preparation of UN-Habitat's NY Office newsletter.

### Global GoalsCast • We Are All Human Foundation • New York, NY

September 2019 - January 2020

#### Communication and Outreach Intern

- Project management: coordinate deadlines, organize the publication of assets on audio platforms, social media, and email communications to partners.
- Content creation: production of high-quality graphic and audio-visual material for social media platforms and newsletters related to the monthly SDG.
- Public outreach: develop and manage tailored newsletters, engage with partners, and report on podcast's performance on social media platforms.

### Graduate Center for Planning and the Environment • Pratt Institute • Brooklyn, NY

August 2017 - May 2019

#### Graduate Assistant

- Program management: assist with office work, class preparation and research.
- Content creation: production of graphic and editorial material for publications.
- Event planning: facilitate the organization of department events.
- Public outreach: manage social media, engage with prospective students.

January - October 2018

#### Research Fellow • Eco-Friendly Design Guidelines for Painted Post and Riverside, Steuben County, NY

- Research and analysis: design solutions and strategies for sustainable development of the two villages.
- Content creation: production of graphic and editorial material for final report.
- Public outreach: facilitate and mediate public workshops for participatory community-based planning.

May - August 2018

#### Green Infrastructure Fellow for Professor Paul Mankiewicz

- Project management: concept, execute and maintain new and existing green infrastructure projects.
- Research and analysis: collect on site data, and develop analytical designs for future green infrastructure projects.

## work experience (continued)

---

### **Câmara dos Deputados (House of Representatives of Brazil) • Brasilia, Brazil**

April 2014 - October 2015

#### **Architectural Assistant**

- Content creation: develop technical architectural drawings, create 3D renderings, and design the representation of detailing for ongoing architectural projects of the House of Representatives of Brazil.

### **Freelance Architect and Urban Planner • Brasilia, Brazil**

April 2011 - April 2017

#### **Architect and Interior Designer**

- Content creation: develop projects of residential and commercial architecture and interior design for private clients, and oversee execution and construction.
- Project management: coordinate development of complementary executive projects for construction, and oversee execution of projects.

April 2011 - February 2012

#### **Urban Planning Assistant - GeoLógica Consultancy**

- Research and analysis: assist with the preparation of the Draft Environmental Impact Statement for two masterplans: Setor Habitacional Ponte de Terra (700ha) and the Condomínio Mansões Paraíso (25ha), in Distrito Federal, Brazil.
- Content creation: develop urban planning maps, create 3D renderings, and prepare executive drawings for the masterplans.
- Public outreach: facilitate public workshops for participatory community-based planning.

## volunteer work

---
